

# **Incubator - 'I' Series**

Memmert incubators 'I' are at home in the world of research, medicine, pharmaceutics and food technology. Organic chamber loads require gentle heating. For this reason, the heating and control system are especially optimised for low temperatures of up to +80 °C. To prevent temperature overshoots, temperature is increased within a very narrow control range and kept exactly at the setpoint value. As required, the models IN with natural convection or IF with forced air circulation are available.

### **Standard Equipment**

**Interior:** Stainless steel, material 1.4301 (ASTM 304) with all-round deep-drawn ribs to integrate the large-area heating with ceramic-metal sheath

**Internals:** Stainless steel grids (size 30 and 55: 1, size 75 to 750: 2)

**Housing:** Textured stainless steel, rear zinc-plated steel, intuitively operated SingleDISPLAY or Twin DISPLAY (TFT colour display) with touchscreen; inner glass door, outside fully insulated stainless steel door (from size 450 two leaves)

**Fresh Air:** Admixture of pre-heated fresh air by electronically adjusted airflap

**Connection:** Mains cable with plug (German type)

**Installation:** 4 feet, size 450 and 750 mounted on lockable castors

Interfaces:

**Sterilisation:** The chamber of the incubators INplus and IFplus, including all installations and sensors, can be sterilised at +160 °C in a 4-hour programme to guarantee optimum hygiene

### **Salient Features**

- Stainless steel interior and exterior
- Inner glass door as standard
- All-round heating on all 4 sides
- Pre-heating of fresh air
- Natural and forced air convection
- Fan speed adjustable from 0 to 100 %
- Exhaust flap adjustable from 0 to 100 %
- Set point wait function
- Internal data logger with over 10 years storage
- AtmoCONTROL Software (TwinDISPLAY)
- Works calibration certificate at +37 °C as standard

## **Incubators IN and IF (32 to 749 Litres)**

- 1. Stainless steel grid / shelf
- 2. Reinforced stainless steel grid / shelf
- 3. Stainless steel drip tray
- 4. Wall bracket for wall mounting
- 5. Guarantee extension by 1 year
- 6. Software confirming to FDA 'AtmoCONTROL'

### **Options**

- Door with locking facility
- Interior lighting for observing the load
- Entry port hole Ø 14,23,38,57,100 mm
- Mobile alert notification by SMS
- Flexible PT100 sensor
